Contents:

• 350 Grade - CDS/CDW Roll Cage Tubing.....	4
• 4130 Chromoly Tube - Round	5-13
• - Square	14-15
• - Rectangle	15
• - Streamline	16
• 4130 Chromoly - Plate	17
• 4130 Chromoly - Round Bar	18
• Fine Tooth Hole saws	19
• Thin Wall Independent Tube Support	20
• Welding wire	21
• Rod Ends	22-25
• Weld in Tube Adapters	26
• PipeMaster	27
• Paint Pens	27
• Cable Ties	28
• Blaster Products	28
• Pro-Tools Benders and Dies	29-31

HOLE SAWS

Starrett Constant Pitch Hole

Saws Constructed of hardened, heat and abrasion resisting high speed steel teeth with a tough alloy body and cap.

This gives them exceptional strength, durability and shatter resistance for user safety. The Starrett "constant pitch" hole saws have six teeth per inch, making for a smoother cut over conventional hole saws at 4tpi

Ultra Fine Tooth Hole

Saws Racetechs new fine tooth hole saws are the best option for notching thin wall tubing and sheet.

Constructed of hardened, heat and abrasion resisting high speed steel teeth. These new hole saws have a 10 teeth per inch as compared to standard hole saws at 4tpi and the Starrett fine pitch (left) at 6tpi

TWITS

Racetechn Steel carry a full range of TWITS

(Thin Wall Independent Tube Support). TWITS are a handy tool that allows you to clamp thin wall tube as well as short pieces when notching or cutting. TWITS can support the tube all the way up to the cutting edge and minimises the chance of crushing the thin tube in the vice/ clamp
